

DISABLED FRIENDLY KERALA - VISION 2030
Public, Private and Parents Participation (PPPP)-Innovative model for Sustainable Goals

DISABILITY CONVENTION
Jointly organized by
PARIVAAR KERALA
And
NIMS MEDICITY
2024 October 4, 5 and 6, Thiruvananthapuram.

Dear Sir,

Disability is as old as human race. It continues its journey unabated through generations. We must be able to curb it and gradually eliminate it from the society. We are yet to harness the idle manpower of the differently abled people for nation-building, thereby helping them earn independent livelihood in their native environment.

With these ends in view, PARIVAAR KERALA and NIMS MEDICITY, Neyyattinkara have decided to convene jointly a three-day Disability Convention on October 4, 5 and 6, 2024.

NIMS Medicity (Nurul Islam Institute of Medical Science & Research Foundation) Neyyattinkara has carved out a space for itself in South Kerala by its magnificent and dedicated work in the field of medical care for decades. The foundation has a spectrum of institutions in Kerala and Tamil Nadu, embracing varied fields like medicine, business management, arts and science, engineering, aeronautic and marine engineering, satellite technology and applications, audiology and speech pathology and civil service academy.

The aim of the three-day Convention is to bring public awareness on new horizons in prevention of disability and habilitation on one hand and skilling and employment of the PwIDD leading to their independent livelihood on the other.

Let us work together to give the differently abled the rightful space they deserve in the society. Expecting your full-hearted support to make the Convention a grand success.

Yours sincerely,

MANAGING DIRECTOR
NIMS MEDICITY

STATE PRESIDENT
PARIVAAR KERALA
